Advanced Network Systems Awarded VITA Contract for Network Products and Services

January 31, 2022—Charlottesville, VA—Advanced Network Systems, Inc. (ANS) is pleased to announce that it has been awarded the contract for network products and services throughout the Commonwealth of Virginia. The contract, procured through the Virginia IT Agency (VITA), the Commonwealth's consolidated information technology organization, allows ANS to join a list of suppliers who have met specific requirements set by VITA and are approved to provide network products and services to organizations within the Commonwealth. All public bodies can utilize statewide contracts developed by VITA, including state, county and city agencies, as well as K-12 schools and higher education entities. As a VITA contract holder, public institutions can purchase directly from Advanced Network Systems through this contract vehicle.

"We're very excited to have been awarded the VITA Network Products and Services contract. As a trusted partner of many government entities and K-12 school districts, we've built strong client relationships in Virginia's public sector. We look forward to expanding those relationships and putting our depth and breadth of expertise in secure IT solutions to work throughout the Commonwealth," said Kevin Leibl, President of Advanced Network Systems.
