Advanced Network Systems Receives Managed IT Industry's Top Award

Technology Assurance Group Recognizes Advanced Network Systems as the Elite Provider at their 20th Annual Convention

CHARLOTTESVILLE, VA — December 2021 — Advanced Network Systems, a leading managed security and IT services provider, announced today that the company received Technology Assurance Group's top award at the association's 20th Annual Convention event held in Dallas, Texas. Technology Assurance Group (TAG), an organization of leading managed technology services providers in the United States and Canada representing \$800 million in annual products and services, selected Advanced Network Systems as the winner of the "Performance Excellence Award" for exceptional economic performance and superior customer satisfaction. Advanced Network Systems was highlighted as a premier provider during a prestigious awards ceremony attended by TAG's Member companies and leading technology manufacturers.

TAG's highly sought-after Performance Excellence Award, is given annually and based on overall financial performance, customer satisfaction, and the ability to provide customers with cost-effective technology solutions. "In 2020, Advanced Network Systems experienced phenomenal growth that propelled them past the best companies in the industry," said Brian Suerth, President of Technology Assurance Group. "Advanced Network Systems' ability to provide leading-edge cybersecurity and IT solutions, that increase their clients' performance and productivity, has fueled the company's overall success. In addition to offering industry-leading technology solutions, they maintain a highly talented team of

professionals that deliver world-class technical services. Advanced Network Systems is an exceptional Member of TAG; one that is dedicated to applying best business practices that continually improve their organization. It was our privilege to showcase such a fine company at our annual event.”

Kevin Leibl, President of Advanced Network Systems accepted the award for the company. “It’s great to be recognized by TAG for our performance,” said Kevin. “Over the last 25 years, Advanced Network Systems’ has continually worked at refining business processes and providing customer-focused innovation at all levels of our operations. We attribute much of our success to the many benefits that we receive from being a part of TAG. Our membership enables us to quickly adopt new ways of doing business that benefits both our customers and employees.”

ABOUT ADVANCED NETWORK SYSTEMS, INC.

Advanced Network Systems provides comprehensive, industry-leading cybersecurity and network management solutions for organizations throughout Virginia and West Virginia. Founded in 1996, the company specializes in technology and services that reduce the risk and expense of operating a secure, scalable network environment. Our fully-managed cybersecurity and IT programs are delivered cost-effectively and designed to support the needs of small to mid-size businesses, government agencies, and educational institutions.
