

ShoreTel Dock Quick Reference

1. If the Dock Bluetooth button is on (blue LED), press the Dock Bluetooth button and wait for it to turn off.
2. Verify that Bluetooth is ON for your mobile device.
3. Press and hold the Dock Bluetooth button until it flashes red (pairing mode).
4. On the mobile device, look for the "ShoreTel-<number>" Bluetooth device. This is the ShoreTel Dock. The number is different for each ShoreTel Dock unit. Select that device and allow it to connect.
5. When connected, the Dock Bluetooth button turns solid blue.
6. Once paired, you can turn the Bluetooth connection on/off by pressing the Dock Bluetooth button.
